Port St. George, November 23, 1909.

No. 91.—The following letter is published for information:—

CONSTANTINOPLE,
21st September 1909.

No. 91.

Sir,

It will be recalled that since the appearance of plague in India some 35 years ago the importation into Turkey of human remains from India has been prohibited. This prohibition was decided on at a time when the mode of spread of plague was little understood, and when no prevention was deemed superfluous.

In connection with the permission recently granted to an inhabitant of Hyderabad to import a body to the burying grounds in Mesopotamia, Dr. Zilber, the Inspector-General, has proposed and the Board has approved, to guarantee the measures, and to permit such importation provided certain conditions are fulfilled. These conditions are specified in the Circular, copies of which are enclosed herewith. Briefly they are as follows:—Death must have occurred at least three years before, and not have been due to plague or cholera. The remains must be placed in a leaden shell and wooden coffin, fulfilling all the conditions laid down in the Turkish "Bilgi-yeni des Eshvaka" of 1904. They must be accompanied by a certificate from the local municipal authority, certifying the date and cause of death and the fulfilment of the conditions just referred to; and this certificate must be noted by the sanitary authority of the port of departure and by the Turkish Consul in that port.

I have, etc.,
F. G. CLEGG.

Circular to Health Officers, Constantinople, dated 22nd September 1909.

By decision of the Supreme Council of Health, dated 22nd September 1909, the transport from India to Turkey of corpses of Shiaks and others is authorized on the following conditions:—

(1) The death shall have occurred at least three years before and shall not have been caused either by plague or cholera.

(2) The enclosed corpse shall be placed in lead coffin made of plates of this metal not less than 3 millimetres thick and perfectly soldered together. Sawdust dipped in disinfectant solution (sulphate of zinc or, failing this, sulphate of iron), shall first be poured into the coffin to fill up vacant spaces and so prevent all movement of the corpse in transport.

The said coffin shall itself be enclosed in a very strong wooden case: the sides of this case, which shall be lined by screens and supported by three iron stumps kept in place by nails, shall be at least 2 centimetres thick.

(3) The package containing the corpse shall be accompanied by a certificate issued by the Municipal Authority of the place where the corpse was buried. This certificate shall state:—

(a) the exact date of decease,

(b) the nature of the illness which preceded the decease,

(c) the fact that all the instructions specified in paragraph (2) above have been attended to.

(4) Finally the said certificate shall be visé by the Sanitary Authority of the port from which the package containing the corpse will be embarked for Turkey and legalized by the Ottoman Consul if there is one at the said port.

The Inspector-General,
Dr. ZETTERER.

SALE NOTICE.

THE public are hereby informed that the right of manufacture of salt under the monopoly system in the undermentioned salt pans in the Vayalar, Altipet and Talhar taluqas will be sold by auction by the Inspector of the Salt, Alipet and Ottomana Department, Bombay Circle, at his office at Vayalar on Monday the 17th January 1910, at noon, subject to the following conditions.

1. A deposit of Rs. 20 must be made by every intending bidder previous to bidding.
2. No person will be allowed to bid for another unless he holds a power-of-attorney from him authorizing him to do so.
3. The selling officer may, for valid reasons, refuse to accept any bid and, in case of dispute, his decision shall be final. If, for any reason, the highest bid is rejected the selling officer may, at his discretion, either accept the next highest bid or commence the auction again.
4. The sale will be subject to formal confirmation by the Deputy Commissioner, who may either accept or reject the final bid at his discretion; such formal confirmation will be tantamount to an acceptance of the bid.
5. As soon as possible after the auction is completed, the deposits made by the unsuccessful bidders will be returned to them.
6. At the auction proceeds, each successful bidder shall, at once, if so required by the selling officer, or otherwise at the close of the day's sale, make a further deposit equal to one-fourth of the purchase-money. Should he fail to do so, the deposit made by him under condition 2 above will be forfeited and the salt pan will be put up to auction again on the above conditions or otherwise disposed of as the Deputy Commissioner may determine, and the defaulter may be debarred from bidding again at any subsequent sale of salt pans by the Deputy Commissioner.
7. On receipt of the intimation of the final acceptance of the bid, the successful bidder shall come pay the whole amount of his bid after deducting from it the amount of deposits already paid by him. Should he fail to do so, the deposits made by him under conditions 2 and 3 above will be forfeited and the salt pan will be sold or otherwise disposed of as the Deputy Commissioner may determine.
8. Resale effected under condition 8 will be at the risk of the defaulting bidder, who will forfeit all gain and, in the event of a loss, will be required to make good the deficiency between the amount payable under the terms of the original sale and that payable by the successful bidder at the resale. In the latter case, the forfeited deposits will be deducted from the loss arising from the resale and the remainder, if any, will be recoverable from the defaulter in the manner laid down in section 21 of the Madras Salt Act IV of 1903. Should, however, the forfeited deposits be greater than the loss by resale, the whole of such deposits will be credited to Government. The defaulting bidder will be severally liable if the salt pans are disposed of otherwise than by resale and such disposed results in loss to Government as compared with the original sale.
9. The purchaser will be required to sign and deliver to the Commissioner a certificate or engagement to observe all the conditions of the license to be granted to him. The prescribed form of moolahika and license can be seen at the office of the Inspector of the Revenue Circle.
